All, please see attached for a draft version of a memorandum and accompanying excel data file for posting on the OPP web page to share our laboratory's preliminary PFAS results to date.

I will be joining Erin at a 4:00 meeting to discuss the potential CBI issue. In the interim, I wanted to get this to you for review asap. Thank you.

Importance: High

We need to proactively release it today by posting to our website. We will get many requests for this information and the state partners asked for it.

I think we want to issue this release in conjunction with having our preliminary data available in some form, which Kimberley is working feverishly to finalize (more below). I'm thinking we could be ready to go ASA 1 pm at this point. Kimberley?

From Kimberly at 10:30ish:

Ed, here's where we are:

- Eric/OGC OK with releasing the data; suggested check with OECA
- OECA OK with releasing the data, per Diana's note below and my conversation with her
- Thuy/ACB drafting a cover memo for review; will have this before lunch. Will include caveats suggested by Tala
- Thuy/ACB will sanitize the Clarke data
- KN to quickly review the cover memo and send to you, Tala, Mike, for review asap
- Additional clearances needed? TBD – possibly up to Charlotte & Alex levels, per conversation earlier today.
- Post-clearance, we'll sign memo and pdf the entire package for posting.
